Re: Off-Site Rule Acceptability Determination
Badger Disposal of WI, Inc.
WID 988 580 056

Dear Ms. Schmit:

This letter is in reply to your letter of July 11, 2007 to Mr. William Damico regarding the Badger Disposal of WI, Inc. request for Off-Site rule acceptability.

Pursuant to 40 C.F.R. § 300.440 (b), my staff has determined that no relevant violations or releases currently exist at Badger Disposal of WI, Inc. Therefore, Badger Disposal of WI, Inc. located at 5611 West Hemlock Street is acceptable to receive wastes regulated by 40 CFR § 300.440 (the CERCLA Off-Site rule).

The acceptability determination is based on the assumption that only non-hazardous waste for which Badger Disposal of WI, Inc. is properly permitted, will be shipped to this facility. It is your responsibility to review any proposed waste streams for compliance with the permits for your facility.

Please note that this determination is based on the available information at the time of the review. Your status could be changed any time relevant information becomes available according to the procedures in 40 C.F.R. § 300.440 (d). Generators who need to use a currently acceptable facility should verify the current acceptability of any facilities they wish to use with the appropriate Regional Off-Site Rule Coordinator(s).

If you have questions, please contact Mr. Damico at (312) 353-8207, United States Environmental Protection Agency, Region 5 – DE-9J, 77 W. Jackson Boulevard, Chicago, Illinois 60604.

Sincerely,

A handwritten signature in black ink, appearing to read 'Willie H. Harris', with a large, stylized loop at the end.
